dear senator, i'm happy to hear that you are recovering. it's good that you are not here, our weather is horrible. justin is hoping the fellow will have a rematch with him this week in reno. i am about to call brookstone in union station about the chair and then i am going to walk over and inspect the house. i'll send a report when i return. do you like grapefruit? bill mcmillon has an orchard in texas and asked me if you would like a case, he sent me 50 pounds and they are great. let me know. my best, bob
